# 8 Digit Display Calculator

## FEATURES

**Large, 8-Digit Display** – big, easy-to-read LCD numbers.

**Four Function Memory** – includes addition, subtraction, recall, and clear.

**Dual Solar/Battery Power** – built-in solar panel extends battery life by powering the calculator in the light.

**Automatic Power Off** – saves battery power by turning off the calculator if it is left unused for about 7 min.

## OPERATING THE CALCULATOR

**ON/C Key** – Power ON / Clear LCD / Clear Entry. Power OFF after a few minutes if no button is pressed. If a result is too big to show in the LCD, the calculator stops and displays **E**. Press **ON/C** to continue.

**+/- Key** – Press to change the displayed number from positive (+) to negative (–) or from negative (–) to positive (+). **MINUS** – is displayed when the value is negative.
